

Local Literacy Plan Template: 2024-25 School Year

To support every child reading at or above grade level every year, beginning in kindergarten, and to support multilingual learners and students receiving special education services in achieving their individualized reading goals in order to meet grade level proficiency, a school district or charter school must adopt a local literacy plan that describes how they are working to meet that goal. A district must update and submit the plan to the commissioner by June 15 each year [Minn. Stat.120B.12, subd. 4a \(2023\)](#). With the purpose of assisting districts and charter schools, the Department of Education has developed this Local Literacy Plan template. The Local Literacy Plan must be approved by the Superintendent and posted to the district or charter school’s website annually.

Minnesota READ Act Goal

The goal of the READ Act is to have every Minnesota child reading at or above grade level every year, beginning in kindergarten, and to support multilingual learners and students receiving special education services in achieving their individualized reading goals [Minn. Stat. 120B.12 \(2023\)](#).

District or Charter School Literacy Goal

Describe the district or charter school’s literacy goals for the 2024-25 school year.

By May of 2025 staff who teach reading/literacy skill in grades K-5 will be trained in Fastridge Assessments and CAREIALL structured literac.y

By May of 2025 students in each grade will improve 6% from the spring of 2024 assessment.

Universal and Dyslexia Screening

Identify which screener system is being utilized:

- mCLASS with DIBELS 8th Edition
- DIBELS Data System (DDS) with DIBELS 8th Edition
- FastBridge: earlyReading (Grades K-1) and CBMReading (Grades 1-3)

Grades K-3 Screeners

Indicate in the chart below the assessment(s) used for universal and dyslexia screening for grades K-3 students, what skills are assessed with the screener, and how often the screener data is collected.

Name of the Assessment	Target Audience (Grades K-3)	What component of reading is being assessed? (Each component should be addressed.)	Assessment Type (Each type of assessment should be represented.)	How often is the data being collected?

Parent Notification and Involvement

Describe the method(s) that are used to notify parents or guardians when children are identified as not reading at or above grade level and the reading related services provided. Include what strategies are shared with parents/families to use at home.

Parents are notified through:

- Online grading portal which is available any time
- Letters home
- Reading test scores communicated through parent teacher conferences
- Posted scores on school website

Strategies to use at home are communicated through

- Newsletters
- Teacher communications
- Parent/teacher conferences
- Letters home

Student Summary Level and Dyslexia Screening Data 2023-24 School Year

For districts currently using one of the three approved screeners, if able, please include benchmark data in this submission. For those transitioning to an approved screener, you will submit data in June 2025.

Summary Data Kindergarten through 3rd Grade

For grades kindergarten through grade three, indicate the number of students:

- universally screened
- students at or above benchmark in the fall and spring.
- students screened for dyslexia
- students identified with characteristics of dyslexia.

Grade	Number of Students Universally Screened in Fall	Number of Students Universally at or Above Benchmark Fall	Number of Students Universally Screened in Spring	Number of Students at or Above Benchmark Spring	Number of Students Screened for Dyslexia	Number Identified with Characteristics of Dyslexia

Data-Based Decision Making for Literacy Interventions

Districts are strongly encouraged to adopt the [Minnesota Multi-Tiered System of Supports](#) (MnMTSS) framework. This framework should include a process for monitoring student progress, evaluating program fidelity, and analyzing student outcomes and needs in order to design and implement ongoing evidenced-based instruction and interventions [Minn. Stat.120B.12, subd. 4a \(2023\)](#). Component 5.1 of the MnMTSS framework provides indicators and criteria for effective data-based decision making. Component 1.6 and the MnMTSS Team Guidebook provide information on establishing effective linked teams for data-based decision making.

Discuss if and how the district is implementing a multi-tiered system of support framework. Indicate if the district or charter school is using the MnMTSS framework and if the district and school teams have participated in MDE professional learning cohorts. Specify if the district or charter school team has attended MnMTSS professional learning and/or conducted the Self-Evaluation of MnMTSS for District Leadership Teams (SEMI-DLT). Are there components/subcomponents that have been identified for improvement?

Describe the data and method(s) used to determine Tier 1 targeted evidence-based reading instruction for students and the processes for monitoring fidelity and intensifying or modifying Tier 1 instruction. Indicators and criteria for effective Tier 1 practices can be found in subcomponent 3.1 of the MnMTSS framework.

Describe the data and method(s) used to identify students not reading at grade level. Discuss the district's criteria for entry into Tier 2 and Tier 3 intervention, process for monitoring fidelity, type and frequency of progress monitoring during intervention, and criteria for exit from intervention. Indicators and criteria for effective Tier 2 and Tier 3 practices can be found in subcomponent 3.2 and 3.3 of the MnMTSS framework.

Students will be assessed using the Fastbridge Reading Assessment in the Fall, Winter, and Spring. Students will also be assessed once a week using the Aimsweb Oral Reading Fluency Assessment. Students will also be assessed using the MCA assessment each spring. Grade level data meetings will be held approximately every 4-6 weeks for students where classroom data and the various assessment data is reviewed. Students will be assigned tier I,II,III level instructional supports based on the data and discussions by the grade level data teams consisting of the classroom teacher, special education teacher, Title I teacher/Reading Interventionist, and an administrator.. These interventional supports will be above the normal classroom instruction and it is built into the regular daily schedule.

Professional Development Plan

Describe the district or charter school professional development plan for training educators on structured literacy. Include the name of the approved professional development program, timeline for completion.

Describe how the district or charter school will support the implementation of structured literacy and what data will be collected and how it will be used to assure continuous improvement. We have also chosen the Fastbridge Assessment . We have started training on the Fastbridge assessment and have signed up for phase 1 training on CAREIALL for staff in grades K-6, k-6 sped teacher, Title teacher, and K-12 principal

Provide the number of educators who have met the Minnesota READ Act professional development requirements through previous training, those who are currently in training, and those who still need training.

Phase 1: Educator Role	Total Number in District or Charter Organization	Educators who have completed Training	Educators with Training in Progress	Educators who need Training

Action Planning for Continuous Improvement

Describe what needs to be refined in the district or charter school's implementation of evidence-based literacy instruction. Provide a description of the next steps the district or charter school will take to improve implementation of evidence-based literacy instruction.

Time to utilize new curriculum and assessment tools. This has started in the spring o 2023 and will continue to take place during the 24-25 school year.

A plan for students in grades 7-12 who are below grade level need intervention time built into the schedule.
