Dedication

Every year the senior class dedicates the yearbook to a staff member who has made an impact on their lives. When it came time for us to decide who to dedicate our yearbook to, it was no question who we should pick. This person, while they may not be a teacher, has taught us countless lessons in their two years of working here. Whether you need help deciding what to major in, how to sign up for scholarships, or you just need someone to talk to, this person will always be there for you. They go out of their way to make us feel loved and are always trying to put a smile on our faces. They always have a positive attitude and never let us leave their room hungry. It is for these reasons and more that we, The Class of 2022, would like to dedicate our yearbook to
