

Climax-Fisher Knights Athletics

Dear Climax-Fisher Knight Families,

Our fall sports season is right around the corner! We are excited to be able to offer football, volleyball, and cross country this fall! Below you will find information regarding athlete registration, the eligibility and physical forms, and the school's sports page. These forms, as well as the sports fees, must be paid, completed, and turned in before your athlete can participate. **Physicals** are typically completed when athletes become 7th and 10th graders; however, anyone who has not had one done within the last three years are required to have one completed and on file. Please note these only need to be completed once per sports year.

Registration Form:

The fall PAC (parent/athlete/coaches) meeting will be held on Tuesday, August 8th in the Fisher gymnasium at 6pm. This event is created to welcome all parents and athletes, meet the athletic director and coaches, outline athlete expectations, distribute sports forms, and collect sports fees.

- High school football and volleyball practices start August 14th.
- Junior high football and volleyball practices start August 21nd.

Concussion testing can be completed by Mr. Proznik (Climax) and Mr. Grimes (Fisher). Athletes who have not yet completed this test this year will need to do so before practices begin.

Thank you and we look forward to another successful sports season!

Mason Grimes
