"Preparing Students Today for Success in a Challenging Tomorrow"

Did you know that our district participates in the Fresh Fruit and Vegetable Program (FFVP)?

Students in PreK-6th grade are offered the opportunity to have a healthy fruit or vegetable as a snack. 🥝🥕🍓 This program is free to ALL elementary school students! The snacks are provided each day around 1:00, but not during lunch or breakfast. We feature a variety of unique fruits and vegetables to introduce students to new foods.
