Climax High School football players competed for the second year in a paired football program. The difference this year was that the pairing was with the new Norman County West High School rather than the old Halstad High School. The squad finished with a 5-3 record, which was the first winning football season that any of the boys from either of the two schools had even experienced. In the future, people will say, "that was the year that the foundation was laid for the start of a winning tradition."

WINTER

The 1982-83 climax Boys Basketball Team has some high goals and expectations. The Varsity squad, though small in members, has a big heart and loads of potential.

The Vikings have moved into a double conference role, joining the newly found Northern Plains Conference along in continuing to play a full Polar Conference schedule. The Vikings plan to challenge to top positions in both Conferences as well as making a strong bid for a final four position in the districts.

The 1982-83 squad has some strong points as a basketball team. Those being good defense, ball handling, and hustle. Some suspect are as our shooting (Free throw/field goal), rebounding, and bench depth. How much the Vikings improve on all of these areas will dictate the success they attain.

What ever happens to the Vikings is a matter of destiny within their own hands.

Nineteen eager girls participated in Girls Basketball this year. Those nineteen girls really put their best foot forward. This year was what you could call a "Building Year." We didn't win many games but we learned a lot through-out the season.

As a team they played with a lot of determination. We never gave up! "SPIRIT" and "PRIDE" is what our team has a lot of. In our teams future we will continue to hang-on-to keep on going-to keep on learning.

Thanks for all your help Mr. Taus!
