# THESE ARE THE DAYS

Stacy, Brandy, Shayla, and Kailee get together for a pic.

Donny, Brandy and Roseann are goofing off in the library.

These are the days when we're all together busy having fun, studying and completing yet another year of school. The hardest aspects of starting a new school year are waking up and adjusting to a new schedule of classes. Every new school year brings with it a reunion of old friends and the chance of making new ones. This year we were lucky to add 3 new members to the school staff, including Mr. Jeff Peura, the principal, Mr. Dean Strand, the science teacher, and Mrs. Stephanie Vonesh, the 2nd grade and 7th grade teacher.

Homecoming. A time for alma mater to return to their roots and remember their elementary and high school days. Homecoming is also a special time for students still in school. Students and teachers alike, celebrate school spirit, crown Homecoming royalty and join in on spirit games. This year has been no exception. Coronation was held in the gym on a Monday night and our royalty were Erin Palm and Saeth Gronberg. On Friday night the football team played Ada-Borup and defeated them without much of a challenge. After the game students and alma mater were all invited to the dance in the Climax gym.

The new principal, Mr. Peura, has been working hard and planning school events, maintaining order in the school and always providing comic relief. Mrs. Newcomb has taken on several roles this past year as Technology Advisor, Title I Director and Elementary Coordinator.

Chris Meier, Joel Skalet, and Aaron Moen singing their hearts out. The men have become a big part of our choir this year. In the past years there have been very few men in the choir which makes it hard for them to be heard. Almost a third of the choir is now men giving the choir a more balanced sound. It sounds great and we hope that we will have the same kind of showing from our men section. Keep up the great work guys. We also have a new band director this year as our director of three years has left us. Now, Mr. Dahlin has taken over and we hope that he will be able to stay with us for a few more years as he works to develop our choir.

Ashley Neil and Amanda Hoiland enjoying themselves as they practice their music. Mr. Dahlin said he has high expectations for our choir in the years to come, "They have great potential!" He also commented that he would like to make our choir a stronger organization this year. He wants to do this and present new, more challenging music into our choir. This will include songs in different languages, tempos, and styles. We hope that our choir will get the newfound attention it deserves and that it will spark new interest in kids of all ages.

Our experiences over the past 13 years have bonded the Class of 2001 forever. We have come together in the most important years of our lives to learn, share and succeed. We have shared our trials and triumphs, overcome our obstacles and met the challenges we have been faced with. We have used each others strengths to improve our weaknesses and in return we have improved the lives of our school and communities. It is not everyday we will say good-bye to such a large part in our lives but instead of good-bye, lets say farewell until our paths cross again.
